

## PeaceBuilders Share Their Messages on Local Cable Show

On October 28, 2005, PeaceBuilders representatives were featured on *Women's Council in Action*, a public broadcast show on Long Beach Charter Cable.

Spreading the word about creating peaceful learning environments, Michelle Molina, PeacePartners™, Inc. president, Claudette Powers, PeacePartners peace ambassador and Carol Trujillo, retired PeaceBuilders principal, each shared messages about the profound impact of PeaceBuilders in the lives of children. With its headquarters located in Downtown Long Beach, PeacePartners is proud to have active licensed PeaceBuilders sites in the greater Long Beach community including pre-schools, schools and after-school programs.

Guest host Sheri Zampelli conducted the lively interview in conjunction with the Women's Council from the Long Beach Chamber of Commerce.
